## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 1-29 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-29 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches an image reading device comprising: a plurality of light emitting element units; an optical member for irradiating light emitted from plurality of light emitting element units; and photoelectric conversion elements which are disposed in correspondence with said plurality of light emitting element units wherein the image is read while at least one original is conveyed, the original having a width dimension corresponding to a width dimension of one of plurality of light emitting element units or a combined width dimension of at least two of said plurality of light emitting element units; wherein at least one light emitting unit for emitting light is selected among said plurality of light emitting element units in accordance with at least one of a first direction dimension of the original, a number of originals and a magnification at which the original is to be read, respectively, as set forth in Claims 1,4, and 8 including all of the features recited therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
